

# EasyFlip

by Olitech

We are proud to introduce our new 4G mobile phone, the **Olitech EasyFlip**. Designed for simplicity, the EasyFlip features a large screen, large buttons, amplified tones and much more.

M4/T4 Telecoil and Bluetooth resulting in enhanced volume, clarity and connectivity.

Amplified volume. Up to 95dB ringtone and 25dB ear piece volume boost.

Large, clear, customisable display. Big buttons identifiable by touch and colour.

Dedicated Emergency Key with GPS locating function.

Unwanted menu items can be hidden in order to consolidate the visual menu.

Voice output keys and menu. Text to speech enabling audio text messages.

*The premium solution for anyone looking for a simple, accessible mobile phone.*
